

New Joomla Video Tutorials

Posted by joomtorial - 13 Jan 2010 22:59

Hello all,

A new year has arrived and in 2010 we want to create new video tutorials.

We have received a lot of questions if we will be making new joomla video tutorials and also if we are going to create video tutorials that will deal with certain topics only. For instance a video tutorial on creating an eCommerce store or Social Networking website.

Before we start making new tutorials, we would like your input on what you think we should make a Joomla Video Tutorial of. Let us know what you want by writing your comment here: [http://www.joomtorial.com/news/49-new-v ... ls-in-2010](http://www.joomtorial.com/news/49-new-video-tutorials-in-2010)
